How to use this

- Drama Mama Reads creates book lists and resources for the teacher, parent or caregiver looking for more diversity on their bookshelves.
- These lists are curated to inspire your reading time and help you discover new favorites. Read some, read all!
- Reading diverse books can and should spark questions and curiosities. I encourage you to preview or thumb through new books so you can best share them, answer questions, and explain big concepts if they should arise. Not every book will be a fit for your classroom, a child's personal interests or your family and that's okay! Enjoy the process of discovering a new favorite.
- Print and take this list with you on your next trip to the library, or your local book store.
- hang it on your wall for motivation
- Support DramaMamaReads and the authors by shopping books at the affiliate link above.
